## Brain teasers puzzles with answers pdf

Click here to reveal the answer: An ice cube Riddle 5 Are these easy puzzles or vertiginous puzzles? How can something talk to your ears and hear with your mouth? It's something mom and dad use every day! Click here to reveal the answer: A Short Riddle phone for children Riddle 6 Wait! What? How can a broken thing be worth more than when it is not broken? Confused, huh? Think about it. Yeah, you're right. Click here to reveal the answer: An egg puzzle 7 They may need mom or grandmother to help you solve this. Yes, his answer is correct. It is a shower of blessings. Click here to reveal the answer: A children's shower Riddle 8 This is another easy puzzle. Don't you have it? Yeah, you're right. Click here to reveal the answer: Our Riddle 9 height These puzzles are getting weirder a minute, aren't they? How can your teeth not chew? I mean, the main idea of having teeth is that they can chew, right? You probably signed just for easy puzzles here! Anyway, let's think. Answer: A comb Riddle 10 These puzzles are really shaking our brains, aren't they? How can something have your hands, but don't hold anything? Answer: A watch! Clocks have their hands, but they can't hold! Enigma 11 This actually one of the easy puzzles promised. Just think about all the things that keep or bring food – the kitchen shelf, the snack cabinet and the refrigerator. Answer: A refrigerator What are they? Children's puzzles in saddle 12 How is that possible? Can only eyes see well? It is a brain teaser or a brain twister rather than it seems simply impossible to solve. Hmmm... still thinking? Here is the answer: Click here to reveal the answer: A key hole Riddle 13 It's one of the easy puzzles in this list. Can you hold it for more than a few seconds? Well, that's your answer!here to reveal the answer Answer: Your breathing Riddle 14 To name a few, I can be vegetables, lentils, junk food, salads, chocolate... Maybe ice cream? No, that's not the correct answer. Yes, yes.I got it. click here to reveal the answer: Dinner! Dinner can never be had in the morning because it is dinner! 15 I like food, but water kills me. What are they? Does the water kill? You ever heard of something that water kills, don't you? Think, think! It could be something that water can remove or turn off. Yeah, you're right. click here to reveal the answer: fire riddle 16 are as hard as the stone, but I create on your body. What are they? What hard things grow on us? Is that hair? but the hair is not hard. Nails? but the nails are not as hard as the stone, we can cut them. And then what else? Here is a suggestion: Look inside your mouth! Yeah, there they are. click here to reveal the answer: a tooth riddle 17 you can't go in or dare without me. What are they? No, we're not talking about Mom's permission here. Yes, you can't enter or dare without it, but the answer here is a little more technical. blow: you hate it every day. She keeps your house safe. answer: a Riddle 18 door is excellent to go, but horrible to hear. What are they? What is excellent to get? Well, a lot of things. In fact, everything has an excellent or not excellent taste to different people. then what is the only thing that is excellent to have universally? or is it excellent to help us get it? shot: it's a part of the body! answer: a logical language puzzles for kids riddle 19 I have a lot of money, but I need someone else to take me around to spend them. A rich puzzle! Now ask yourself: who has a lot of money but cannot spend it? No rational person, right? because it is not possible! All people spend money alone. Don't you have it? Okay, then go straight to the answer. click here to reveal the answer: a wallet/bag. He's got all our money, but he's spending it? saddle 20 is a number. When you add the letter g, I'm leaving. What number are they? how can a number have an added letterit? Does that mean the numerical spells? Maybe. Let's start from the beginning and the spell from the spellOne. Yes! That's the answer. Click here to reveal the answer: One (add G and becomes 'go') Enigma 21 I'm made of water, but I'm not wet. What are they? How can water not be wet? We analyze: the water is wet, the ice is wet and the juices are wet. There's something made of water that's gonna be wet, right? Hit: it is the gaseous form of water. Got it? Click here to reveal the answer: A cloud Riddle 22 I'm black in color, but I'm colorless. What are they? If something is black, how can it be colorless? A real hard brain teaser, isn't it? Well... Click here to reveal the answer: A Shadow Riddle 23 They are a single number of figures that has no value. What number are they? Let's count. Start with number one.... But all numbers, from number 1 onwards, have a value? What number can it be? Hit: This number comes before number 1. Answer: Number 0 (zero) Before going Have you had fun with these riddles, appetizers, but easy? Puzzles are very fun especially when children begin to understand how the world works around them.
